Moore Medical Consulting LLC - <https://mooremedicalconsulting.com/>

Moore Medical Consulting was founded in 2013 by Lindsay Moore to provide litigation support to the legal community when medical expertise is needed. As a nationally certified Physician Assistant and Certified Life Care Planner, Lindsay continues to work in the clinical setting adding credibility to her knowledge and expertise. She is an expert who is detail oriented, timely, and reliable. Lindsay can review a plaintiff's life care plan for appropriate methodology and accuracy, develop questions for depositions of involved parties, review medical records and provide a medical chronology or summary, and review prior medical expenses to ensure they are reasonable and customary. When you need an expert you can count on, call Moore Medical Consulting LLC!

SEA Limited – www.sealimited.com

A powerful resource in litigation for nearly 50 years, S-E-A is a multi-disciplined forensic engineering, fire investigation and visualization services company specializing in failure analysis. S-E-A's full-time staff consists of licensed/registered professionals who are experts in their respective fields. S-E-A offers a complete investigative service, including: marine, mechanical, biomechanical, electrical, civil and materials engineering, as well as fire investigation, industrial hygiene services, visualization services, and a fully equipped chemical laboratory. These disciplines interact to provide a thorough and independent analysis that will support any subsequent litigation. Should animations, graphics or medical illustrations be needed, S-E-A's imaging sciences team can work closely with field staff to clearly depict what really happened. In addition, S-E-A offers an unrivaled array of pre-market product testing and ongoing quality research services. Clients have an added measure of confidence in the integrity of their products knowing that S-E-A's advanced analytical and testing tools have been employed in the search for defects or weaknesses.
